

Manufacturers of wooden kitchen components in large and small quantities, at internationally competitive prices.

WoodParts

Our company 'Woodparts' are a manufacturing company specialising in the manufacture of wooden components for the kitchen industry. We are based in County Laois in Ireland.

The components we manufacture range from curved kitchen doors, to Kitchen pilasters, to dovetailed drawers, to curved kitchen plinths, cornices and pelmets. We manufacture our products in large and small quantities for both large and small companies based through-out the United Kingdom and Ireland.

Our products are manufactured using the latest available CNC machinery and equipment. We produce these products at quality standards which are second to none, and our prices are internationally competitive.

Pilasters

We manufacture our pilasters in standard and bespoke sizes and from any timber. We manufacture them in both square and turned styles and in both full turned versions or in a pilaster kit version.

- Standard sizes available in 94 x 94mm and in 65 x 65mm in various lengths.
- Bespoke sizes on request.
- Available in all standard hardwoods including: Beech, Oak, Ash, Walnut & Mahogany.
- All standard sizes are supplied in individual cardboard boxes with labels attached.

Curved Doors

We manufacture curved kitchen doors in standard and bespoke sizes, in both 'inframe' and 'lay on' types, and in both convex and concave curves.

Our standard range of doors, are manufactured from European Oak and European Beech.

We also manufacture curved plinths in plain or veneered versions, curved cornices and curved pelmets.
